Special Thanks:

To Dr. Floyd Domer, our Faculty Advisor.

To the Tulane Medical School Department of Anatomy, the Tulane Medical Archives, and Tulane Medical Center Relations for providing the rare old prints and sketches depicted in this book.

To Alan Dufour and Ruth Bunch for all those week-ends spent developing and printing our photos.

To Dave Kline and Ellen Waldman for their literary contributions.

To Bill Hopkins of Josten's Publishing Co. for his expertise and patient counsel.

To our generous sponsors and to the companies and organizations who advertised in this publication.

And finally to Harley Ginsberg, who conceived the T-Wave, for setting us on our way.

School of Medicine

Committee on Admissions
1430 Tulane Avenue
New Orleans, Louisiana 70112

Telephone 588-5187

Dear

I take great pleasure in informing you of your appointment to the first-year medical class at the Tulane University School of Medicine, to enter in August of 1979. I sincerely hope that you will accept our invitation to take your medical training at Tulane, and look forward to having you join us.

In order to reserve your place in the class, we must receive, within the next two weeks, written notification of your intent to accept our invitation, along with a check for \$100 payable to the Tulane Educational Fund. This deposit will be credited to your tuition account for the first semester of academic year 1979-80.

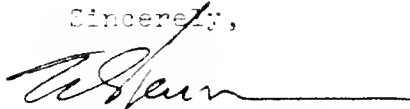

I am sure you will understand that your appointment is contingent upon successful completion of all required premedical courses, completion of the academic program in which you are currently enrolled and maintenance of the level of academic performance that was part of the basis for your acceptance. A final transcript of your grades must be forwarded to this office as soon as your school closes in June.

If you anticipate need for financial assistance during your first year in medical school, please correspond directly, and as soon as possible, with:

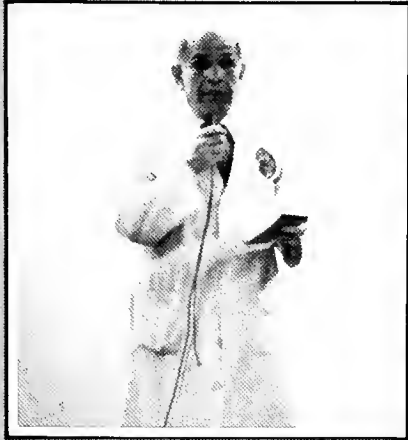

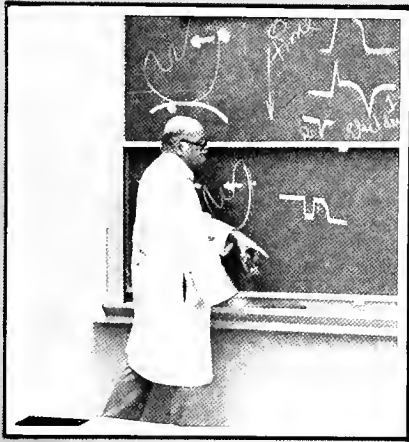

Financial Aid Coordinator
Office of the Dean
Tulane University School of Medicine
1430 Tulane Avenue
New Orleans, LA 70112

On behalf of the students, faculty, and administration, I bid you a most enthusiastic welcome to Tulane. If I can be of service to you in any way, please feel free to call upon me.

Sincerely,

W. Clifford Newman, Ph.D.

Left to Right: Standing: C. Simon, R. Campeau, J. Smith, J. Keating, F. Puyau, A. Frost. Sitting: K. Adams, C. Nice, J. Stangle, W. Plauche.

First Year

WE ARE HERE!

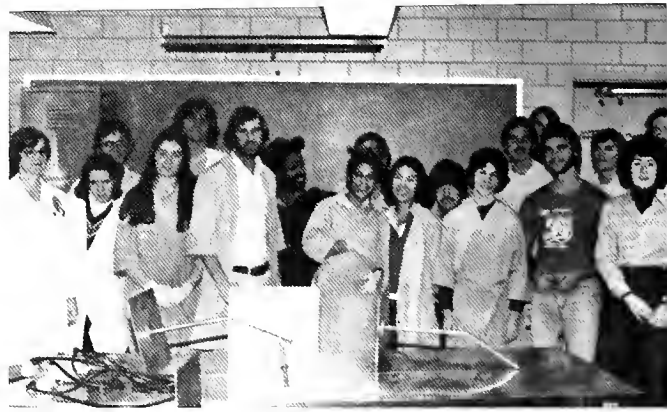

We came with dreams, our knowledge too limited to prepare us for the onslaught, but our eagerness too vivid to be tempered with self-doubt. Medical School was finally a reality, the end of the road, the other side of the rainbow. We are here!

But wait ... where are the brass bands, the red carpet, the adoring crowds, the cheering throngs? Have we not conquered?!

Lab A

Lab B (above) and Lab C (below)

What awaited us was, in essence, a year of coming back to earth. We would soon learn that this was but the beginning. Doctorhood reverted to the ethereal goal it had been in college, no nearer now that it had seemed then. Putting our visions of medicine aside for the moment, we struggled with the more mundane tasks of learning to recognize "health."

D.A.K.

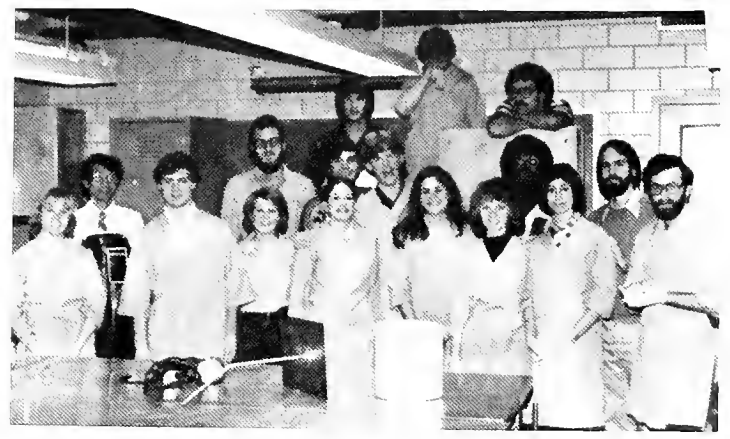

Lab E

Lab D

Lab F

Third Year

OB-GYN

It started just last August
when our coats were pressed and white
each pocket filled beyond its peak
with scopes and pens and lights.
Our instruments still virginal,
just peer exams they'd seen.
What would this new adventure hold?
What would the next year bring?

It seems appropriate to begin
as some of us did that Fall
with the department of OB-GYN
chaired by M.L. "Bud" Pernoll.
To Pineville, Houma, Lallie Kemp and
Charity we went
to learn when they yelled "Delivery!"
it wasn't Pizza that they meant.

Reviewing Anatomy for OB

Abruptio Placentae

Pineville Delivery Team

PEDIATRICS

Next comes Pediatrics where they kept us rather busy.

We rounded so many times a day it almost made us dizzy.

But even so, despite all that, as teachers none surpass

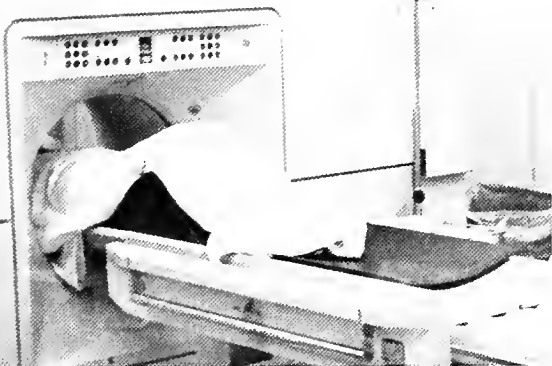

Dr. Lewy's sterling faculty and the Charity housestaff.

The number one peds rotation was the time spent in closed care where we learned the Microbiology we should have learned last year. Charity wards and TMC, they too received good ratings. This department's goal is teaching us, of that there's no debating.

NEUROPSYCH

The time has come to talk about the course they call Neurology where Dr. Weisberg teaches of the brain and its biology. We learned the finer points of neurological exam and became proficient escorting patients to and from CAT scan.

And Dr. Gallant, at that point, Professor of Psychiatry, taught us, oh yes, one more time the benefits of sobriety. He took us all to Mandeville through wind and sleet and rain, now there's hardly a student left here who will touch the stuff again.

SURGERY

I'll be out in 10 minutes.

But I am standing!

Alarm clocks set for 5am to make rounds by 5:30. We learned the art of dressing change, don't let those wounds get dirty. Professor's rounds each Thursday got a great evaluation; Drs. Kerstein and Bill Browder deserve a big ovation. And as each Saturday grew near and Bulpen time came closer, the chosen students wondered then would Dr. Peacock be their roaster!

MEDICINE

We truly were quite lucky
being taught by Dr. Ray.
This year he leaves the chairmanship;
we really wish he'd stay.
On the wards at Charity
Each Saturday he showed us
both the scientific basis and the art
of diagnosis.

E.B.W.

I can feel murmurs you can't even hear.

Really, Sir. You'll like our nurses.
You are now entering the twilight zone.

View from the Presidential Suite, Hotel Charity.

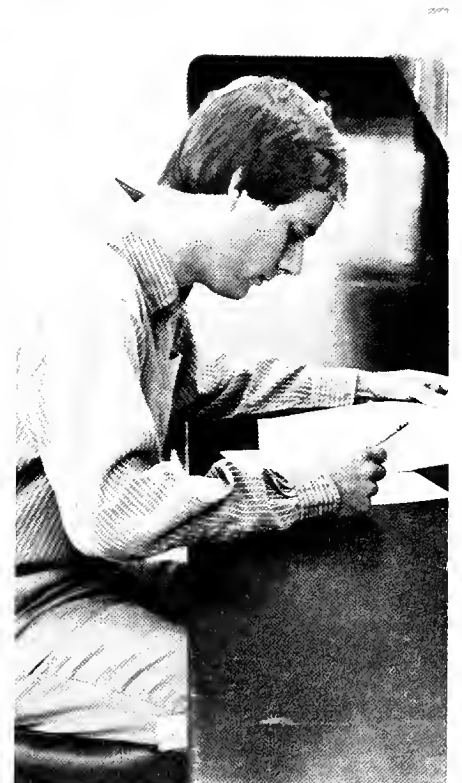

The calm before the storm

Dear Dad ...

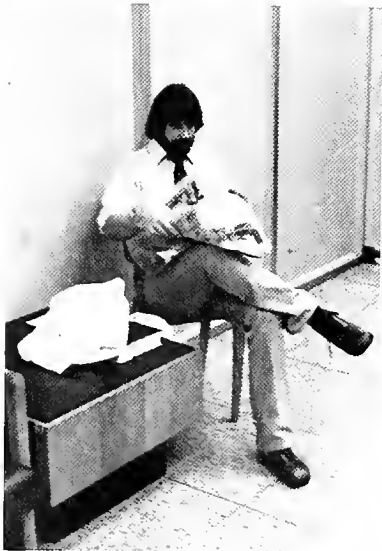

LuVENyal

Etcetera, Etcetera.

Mr. Maksin is quite undecided as to whether he wants to be a surgeon, internist, radiologist, pediatrician, anesthesiologist, or the head of the Microbiology department. He does know that he definitely wants to live in Des Moines. So he chooses the C-16 program with an option for a flexible-transitional. If his categorical/preliminary doesn't come through on the I-10 or I-12 in Phase II, then he reverts back to two "S" programs in order to phase-out completely and go for an M.B.A.

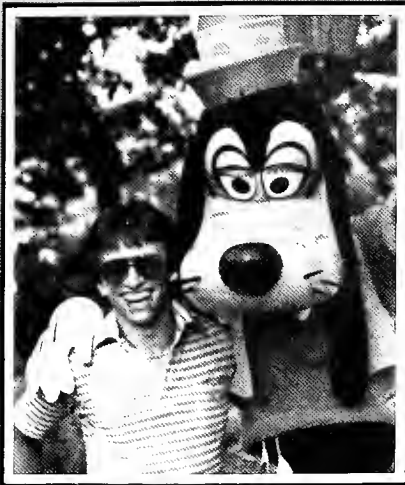

Reviewing his options.

What are you doing in the closet, Bill?

Thanks For The Memories

For Lisa, Kuuipo, Mary Beth, Kathie, Fornaragilo, NAP, Garbane, my parents' and Billy Joel. All those special people who gave me love and support through it all.

—Pete Aiello

Many thanks to my family, friends, Popeye's and Dixie Beer for helping me through these 4 years.

—Tom Ball

"Just a couple of country girls!"

—Ann Boozer and Jama Ray

Thanks to the family, friends, professors, teaching assistants, administrators, secretaries, security personnel, maintenance personnel, cafeteria workers, and the folks in the mail room.

—Greg Buchert

Many thanks to E.G. Burson, Jr., M.D. (Tulane '43) and Jean G. Burson, my parents and best friends.

—Sylvia Jane Burson

Thanks to Mom, Dad, family and friends who gave me all the support and encouragement.

—Marlon J. Doucet

To my most wonderful family, to my faithful friends, and to the people who cared to teach — love and thanks.

Patrice A. Gendel

Jimmie — Thanks for all of your love, support and the confidence you have in me. You made it all so much easier! Love,

—Bobbi

Thanks to Bettsie, Mom and Dad, Grandma and Grandpa for your loving support.

—Steve Greenbaum

To my classmates — Here's looking at you, kids!

—David A. Kline

Mom, Dad, and Lori — Thanks for all the love and support; it's been the best gift of all. Vicki — Thanks for all your love and for putting up with me. Meksin — "What a long, strange trip it's been."

—Andy Light

All my love to Susan, for seeing me through four years of Medical School plus yearbook plus And special thanks to my parents, for just being near.

—Michael Puyau

Dedicated to the memory of my father.

—Gregory Scott

For your unwavering support, sage advises, selfless sacrifices and love, no words of gratitude could ever suffice. Thank you, Mom and Dad.

—Wen Shen

To KHW, my friend, benefactor, and wife, whom I owe for much inspiration and support.

—John

I want to thank my parents and my wife for supporting me through the rough times and sharing the celebration of victories. I look forward to having time for travel and getting treats for my boys.

—R. Zimmerman

CC: Roaches on the liver.

Laxative of choice. prn.

They believed her!

How's the reception now?

Honest! Medical students do change bedpans here.

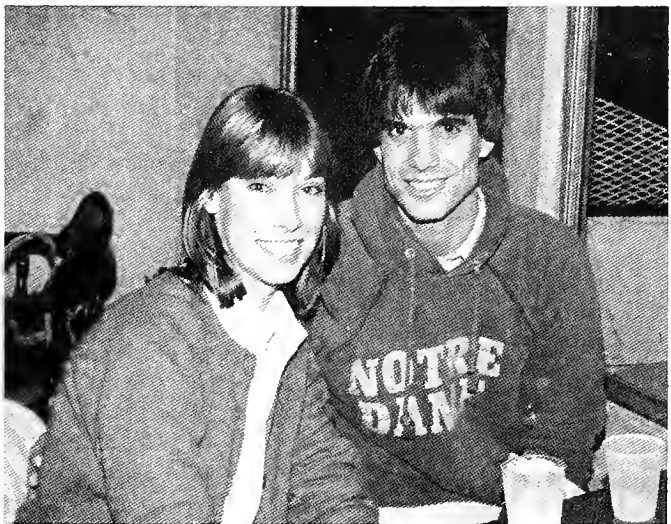

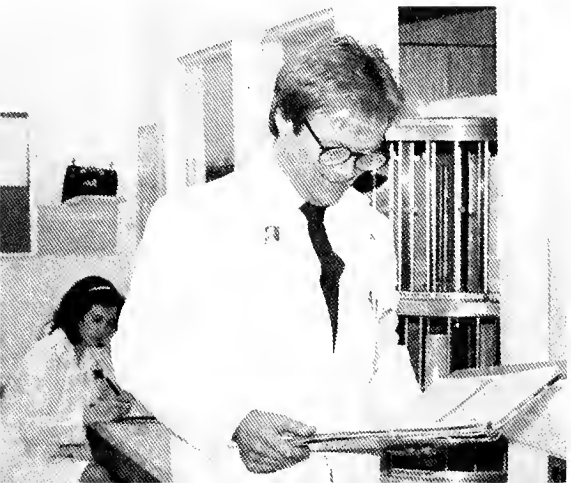

Potential Radiologist.

Should I tell them I have a Call Room Key?

Too cute!

Come on, guys! They put their pants on the same way you do!

It's a nice gesture but they're still getting a quiz tomorrow.

And they said you'd never see the sun as a med student.

T. U. M. S.

Love 'dem ersters!

I need one more volunteer for a neurosurgery study.

Where Do We Go

Name

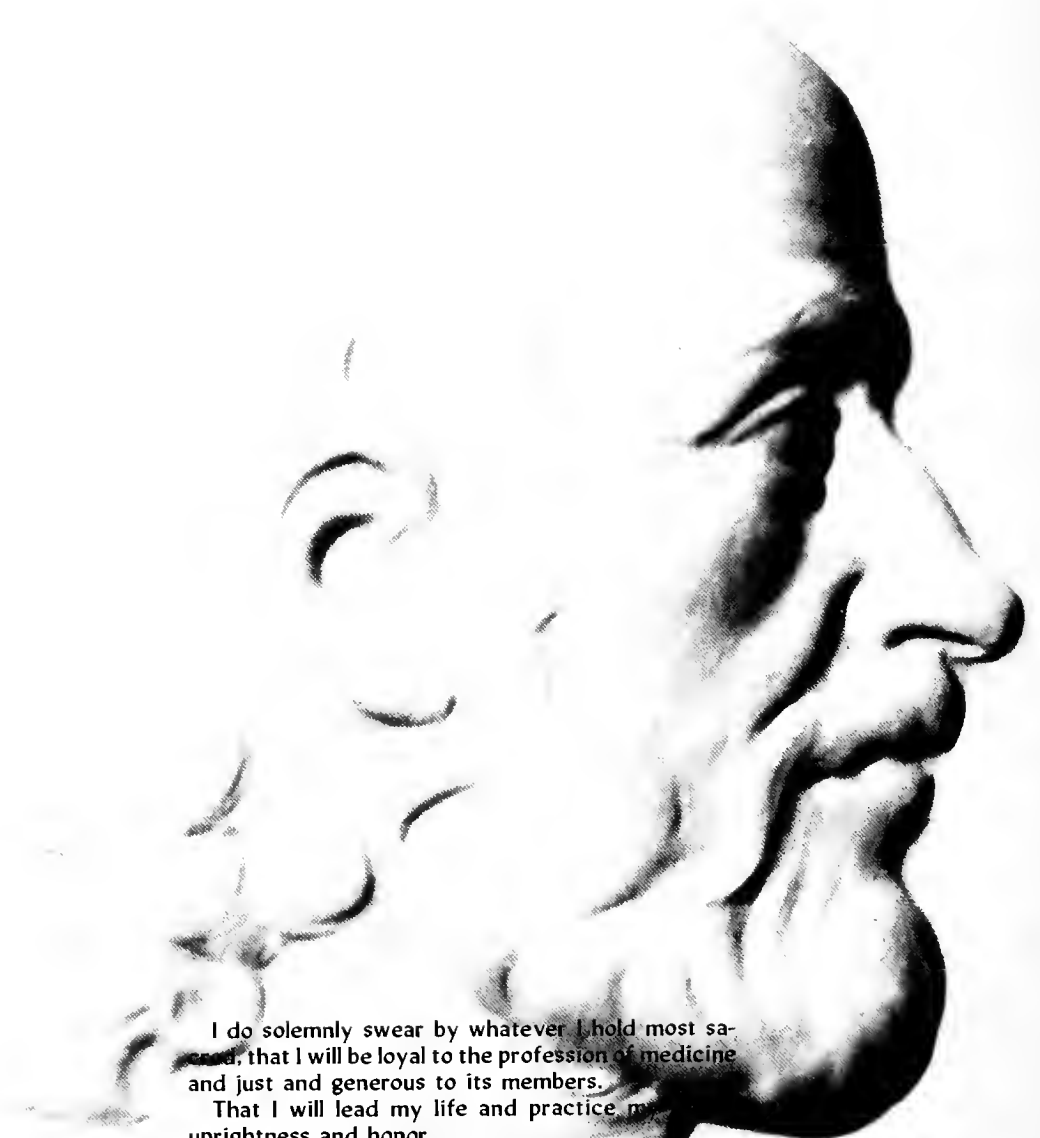

Specialty

Location

From Here?

Name	Specialty	Location
------	-----------	----------

H I P P O C R A T E S

I do solemnly swear by whatever I hold most sacred, that I will be loyal to the profession of medicine and just and generous to its members.

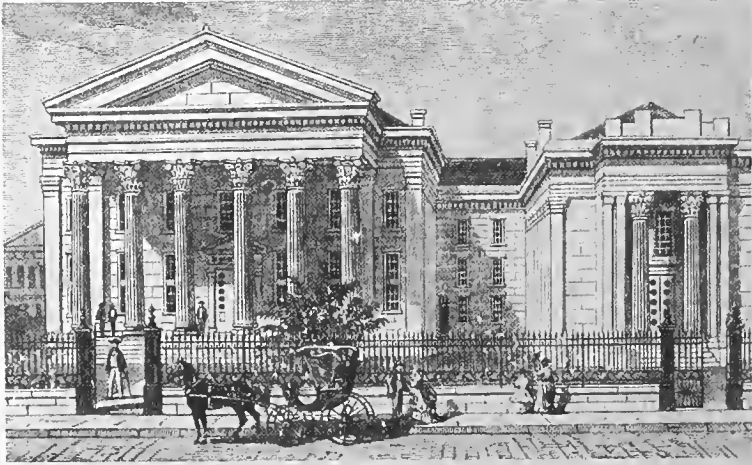

That I will lead my life and practice my art with uprightness and honor.

That into whatsoever home I shall enter it shall be for the good of the sick and the well to the best of my power, and that I will hold myself aloof from wrong and from corruption and from the tempting of others to vice.

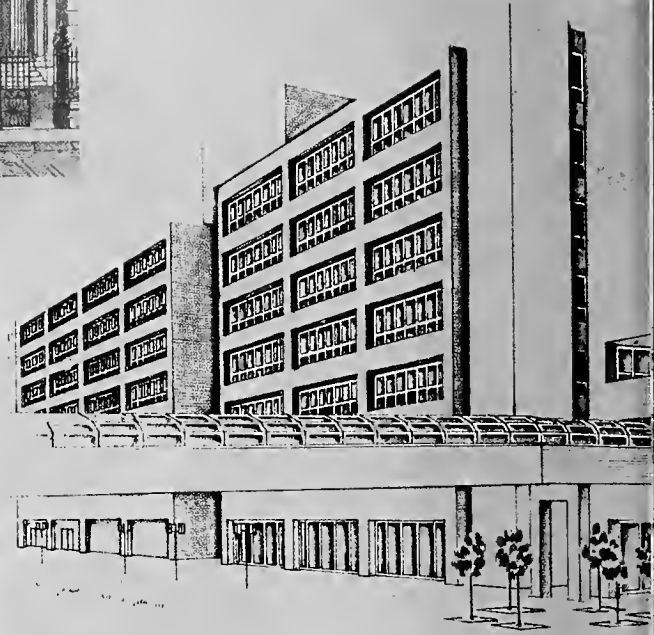

That I will exercise my Art, solely for the cure of my patients and the prevention of disease and will give no drugs and perform no operation for a criminal purpose and far less suggest such thing.

That whatsoever I shall see or hear of the lives of men which is not fitting to be spoken, I will keep inviolably secret.

These things I do promise and in proportion as I am faithful to this oath, may happiness and good repute be ever mine, the opposite if I shall be forsworn.
